

Kitting Services

Take advantage of our highly refined processes to simplify your next project.

Increase deliverability and enhance cost efficiency with Mittera's expertise.

Collating orders with a wide variety of items with different shapes, weights, quantities, and packaging needs requires expertise. At Mittera, we've got that covered.

From communication blitzes, marketing campaigns, store rollouts, customer packets and more, it can pay big dividends to assemble your communications items into standard kits using efficient production methods.

SIMPLE SOLUTIONS FOR COMPLEX SITUATIONS We simplify your operations by handling multiple configurations, regional customization of materials, and bundling of specific quantities for millions of units. From product releases, end-cap kits, store resets and new store openings, Mittera is no stranger to simplifying processes with the most up-to-date technology and knowledgeable team at your fingertips, we make warehousing, distribution, kitting, and fulfillment solutions that deliver content in the right format, on-target and on-time.

Our efficient systems help keep the cost low for every order. With our warehouse layout and optimized storage locations, we help to minimize walk and movement times, and we collect orders by time period to batch-pick which allows us to stage a pick and pack production line whenever possible. And don't forget quality. Every item is treated tenderly and packaged to safely arrive in top condition. With Mittera, you can achieve economies that are among the best in the industry for labor utilization and speed.
